OEM Automobile Belt Tensioner Pulley Part 16603-0C011 166030C011

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 16603-0C011
- Minimum Order Quantity: 20 PCS
- Price: \$5.88 ~ \$6.88
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box, Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 50000 pcs per month

Product Specification

- Product Name: Belt Tensioner Pulley
- Usage: Automobile
- Package: Any Color Box According To Customers' Requirement
- Car Make: For Hyundai Accent For Kia Rio
- Warranty: 12 Months
- OEM: 16603-0C011
- Highlight: **OEM Belt Tensioner Pulley, Automobile Belt Tensioner Pulley, 16603-0C011**

Product Description

16603-0C011 Belt Tensioner Pulley 166030C011 For Hyudnai Accent For Kia Rio

Product Description:

A *tensioner pulley* is an essential part of a vehicle's accessory belt system. It serves the purpose of keeping the right level of tension in the accessory belt that is connected to various crucial components in the engine, including the alternator, power steering pump, air conditioning compressor, and the water pump. The tensioner pulley makes sure that the belt is straight and engaged with these components, so that they can work correctly and maintain peak performance.

Features:

Efficient Belt Tensioning: Our tensioner pulley is designed for optimal tension on the accessory belt, which ensures the smooth and continuous transmission of power to parts such as the alternator, power steering pump, and air conditioning compressor. This not only helps ensure smooth operation, but also prevents belt slippage and loss of performance.

Smooth and Quiet Operation: The pulley is equipped with quality bearings for quiet and frictionless rotation. This reduces the noise and allows for consistent belt tension while you drive, providing a comfortable and pleasant experience.

Durable Construction: Our tensioner pulley is made with durable materials resistant to heat, wear, corrosion, and other harsh operating conditions. This means long-term performance and reliability.

Precise Fit and Compatibility: We offer pulleys designed to fit various vehicles, all precisely engineered according to original equipment specifications. This ensures the pulley will fit properly and align with the accessory belt.

Quality Assurance: Our products are rigorously tested to the highest industry standards. They are manufactured by suppliers who prioritize quality and performance, so you can have peace of mind knowing you're getting a reliable component.

Support and Services:

Technical Support and Service for Belt Tensioner Pulley

We provide full technical support and service for our Belt Tensioner Pulley products. Our experienced team of engineers can assist you with any inquiries you may have regarding installation, operation, maintenance, and repair. We also provide troubleshooting and diagnostics, as well as spare parts, to ensure that your belt tensioner pulley works efficiently and safely. In addition, we provide detailed instructions and training to ensure that you understand the product and its operation.

If you have any questions or concerns about our belt tensioner pulley, please don't hesitate to contact us. Our team of experts is always available to help. We look forward to assisting you with your needs.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
