

Front Right Car Stabilizer Link Suspension System 54830-C5000 54830C5000

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 54830-C5000
- Minimum Order Quantity: 100 PCS
- Price: \$1.30~\$2.00
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 100000 pcs per month

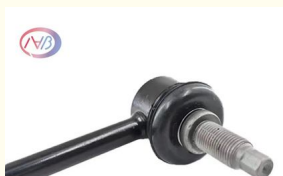

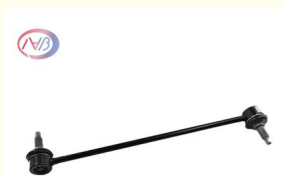

Product Specification

- Product Name: Car Stabilizer Link
- Color: Black Or Silver
- Car Make: Kia SORENTO III UM 2015-
- Material: Metal Iron With Rubber
- Warranty: 12 Months
- Position: Front Axle, Left And Right
- Highlight: **Front Car Stabilizer Link,
Right Car Stabilizer Link, 54830-C5000**

Product Description

54830C5000 For Kia SORENTO III UM 2015- Auto Suspension Front Right Stabilizer Link 54830-C5000

Product Description:

A stabilizer link, often referred to as a **sway bar link** or **anti-roll bar link**, is a crucial part of a vehicle's suspension system. It connects the sway bar, also known as the stabilizer bar, to the suspension control arm or strut.

The primary purpose of the stabilizer link is to reduce body roll and **improve stability** when the vehicle is turning. This is accomplished by connecting the opposing sides of the suspension, which limits the physical movement of the body while cornering.

Features:

Premium Stabilizer Link for Enhanced Stability

Our stabilizer link is engineered to effectively connect the sway bar to the suspension control arm or strut, providing superior stability when navigating corners or uneven road surfaces. This significantly reduces body roll and improves overall ride quality.

Precise Fit and Function

Designed to exact specifications, our stabilizer link ensures a perfect fit for your vehicle's make and model. It is constructed with strong and durable materials to withstand the most demanding driving conditions and harsh road conditions.

Smooth and Quiet Ride Quality

Our stabilizer link features high-quality ball joints or bushings, allowing for smooth articulation and a quiet ride experience without excessive vibration or noise.

Exceptional Durability

Our stabilizer link is robust and highly resistant to wear, fatigue and corrosion. It is rigorously tested to meet or exceed industry standards, providing your vehicle with long-lasting performance.

Vehicle-Specific Compatibility

We offer a wide selection of stabilizer links designed for a variety of vehicle makes and models. Please make sure to select the correct link for your vehicle to guarantee proper fit and function.

Technical Parameters:

Name			Car Make	
Car Stabilizer Link			Hyundai Elantra	
Color	Material	Warranty	Quality	Position
Black Or Silver	Metal Iron With Rubber	12 Months	100% Tested	Front Axle, Left And Right
